### Partnerships

Maryland State Department of Education -MSDE  
Baltimore Junior Academy continues to seek partnerships to enhance the quality of our student's education. We have received funding from the State of Maryland which aids in offsetting registration expenses and provides funding for books.

The Broadening Options and Opportunities for Students Today (BOOST) Program provides scholarships for students who are eligible for the free or reduced-price lunch program to attend eligible nonpublic schools. We are praying that this program returns for 2017-18, and will keep you updated.

### Parent Tip

#### Shoot and score

Encourage your child to turn studying into a sport. He/She could crumple up a used piece of paper for a "basketball" and shoot it into a laundry basket after each review question he gets right. Or he might pretend it's a hockey puck and use a broom to sweep it between two chair legs when he answers correctly.
