### Helpful Tip

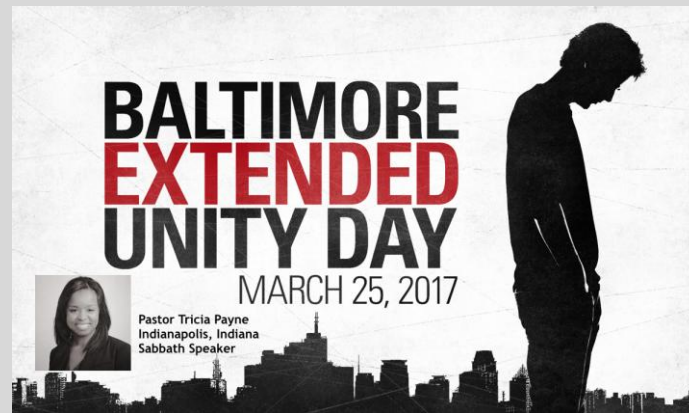

#### Make a "school zone"

Set aside a special spot at home where your youngster can keep everything school-related. It might be in a corner of the kitchen or a basket in his/her room.

Then, he/she could stock it with items like books, supplies, paperwork, long-term projects they're working on, and the school lunch menu. Encourage him/ her to keep the area neat so they can easily find what is needed.
