Keep Track of Progress

By staying on top of how your youngster does in school, you can support his achievements and nip any problems in the bud. Try these strategies.

- **Go over papers.** Look at each graded assignment your child brings home. This is an easy way to see what he's doing well and what he needs to work on.
- **Communicate with the teacher.** Contact her if your youngster says a subject is difficult or brings home low grades. You could ask about ways to help him.♥
